# THE ARCHITECT DREAM

An architect job is to build the present with  
the power of the past and the purpose of the  
future.

Yet, the chain between them has been broken.

# THE ARCHITECT DREAM

- *Logline/Premise:* An architect loses the balance between his work life and personal relationship which creates a regretful imaginary jail in his mind.

*Premise:* Minh - a 32 years old architect - works in his hectic office just before he hears a music coming from outside of his room.

On his way to navigate the music source, the illusion of old memories and Minh's obsession with his work keeps getting in the way and gives him uncertainty.

Eventually, Minh discover the biggest truth about the regrets which eventually leads to his fallen apart.

*Running Length: 4:00:00 in MP4*

Genre: Thriller

**A film that blurs the barricade between spatial and temporal awareness.**

**The suspense and tension are constantly revolve around in every moments .**

**An interesting entrance to the mind of an architect through his workplace.**
